

Brazilian Mall is a meeting point and a place for celebration among Brazilians and those who love Brazil. It is an achievement of our community, and it fills Brazilians with pride. Recent events held in the Mall include live broadcasts of World Cup 2006 matches in Germany, with Brazil's games shown on three large screens in a decorated sea of green and yellow; the Children's Carnival, where children and their parents gathered during the year's most popular Brazilian party; and Children's Easter, with the famous "Egg Hunt" where little ones searched for eggs hidden all over the mall, a event offered by Comunidade Novo Começo. All events were covered by Brazil Explore Magazine.

The fun does not stop there. The plan is to host ongoing activities that draw the public, storeowners and services together in the space. The Brazilian Mall belongs to the community and will be available for parties, events, gatherings and formal meetings in addition to shopping and services.

Check out the upcoming events currently being planned:

**October 26, 27, 28 and 29** – "I Cine Brazil in the Mall". Long and short films that have been blockbusters, showcasing successful cast and directors. Films will be shown free of charge in an event that promises to lead many spectators together.

**October 31** – "Children's Halloween Party". Take your children and go have fun. This will be the third event aimed at kids, following "Children's Carnival" and this year's "Easter Egg Hunt".

**November 11** – "Brazil Fair at Brazilian Mall". A small fair that will allow space for small entrepreneurs, including those who do not own stores in the Mall, to establish business relationships and sell products and services to the public. It will serve typical food and all the good stuff Brazil has to offer. It expects a great crowd.

More events will be announced as soon as they are confirmed; please contact it if you are interested in leading your event to the Mall.

There are spaces available. If you are interested in opening a hair salon, a Brazilian bookstore, and handicraft stores, in addition to various services such as travel agencies, insurance companies, employment agencies, and accountants... take your ideas.

The Brazilian Mall was made for you!
